

LT AUDITOR+

SUSE LINUX EDIRECTORY

Real Time Auditing for SUSE LINUX eDirectory

BLUE LANCE

THE CHALLENGE

Whether on Netware or Linux, ensuring the privacy, integrity and availability of sensitive and confidential files is the key to meeting compliance and security initiatives. Managing either eDirectory in a dynamic organization can be a complicated task. Due to their architectural design and commonly used security policies, there are some basic security risks that most eDirectory implementations share.

THE SOLUTION

Blue Lance's LT Auditor+ for eDirectory is designed to provide detailed auditing and monitoring system activity delivering Clear, Concise, Actionable intelligence. LT Auditor+ for eDirectory interacts seamlessly and unobtrusively with the operating system to capture all essential activity and changes for SUSE Linux eDirectory.

Transform your cryptic & chaotic logs to clear, actionable reports

FEATURES

- 24x7 Monitoring with real-time alerts
- Management Summary reports with drill-down capability
- Over 100 security and compliance report templates
- Translation and correlation of raw event log data into plain English reports and alerts
- Multiple report formats including Excel, Word, HTML and PDF
- Automatic report scheduling and delivery
- Audit files, folders, user authentications and USB storage devices
- Automatic archiving of Windows native event logs
- Enterprise-wide data consolidation
- Comprehensive Auditing with Granular filtering
- Audit the Auditor
- Robust, fault tolerant and load balanced architecture
- Multi-Manager-Agent architecture
- Automatic audit policy deployment
- Built-in agent status and health monitoring

LT AUDITOR+

SUSE LINUX EDIRECTORY

Real Time Auditing for SUSE LINUX eDirectory

BLUE LANCE

BENEFITS

LT Auditor+ for eDirectory is configurable to fit seamlessly into any organization, large or small. LT Auditor+ allows your organization to immediately reap the benefits of continuous security and compliance monitoring by enabling your organization to improve incident response time, provide comprehensive audit reports, meet compliance control transformation requirements, ensure privacy, confidentiality and integrity, all while saving time and money.

Reporting with LT Auditor+ for eDirectory has never been faster and easier. Through centralized reporting, users can consolidate data or create forensic analysis reports organization-wide. LT Auditor+ for eDirectory offers over 100 standard reports that target both security and compliance, all while adding drill-down capability to individual events. Additionally, new reports may be created and customized to display only required details and scheduled for automated delivery.
